# Nurkhan Masimzada

Software Developer | Front-end | C# Engineer | Data Engineer  
Varşova, Mazovya Voyvodaliği, Polonya

## Özet

Hello there! My name is Nurxan Masimzade, and I am a middle web developer specializing in web development. I have a strong skill set in various technologies including HTML, CSS, JavaScript, jQuery, C#, Bootstrap, ASP.NET Core MVC, ASP.NET Core API, MS SQL, React.js, and Flutter.

With a passion for creating exceptional web experiences, I strive to combine my technical expertise with a keen eye for design to deliver top-notch solutions. My proficiency in HTML, CSS, and JavaScript allows me to craft responsive and visually appealing websites that captivate users.

I am well-versed in utilizing frameworks like Bootstrap to streamline the development process and enhance the user interface of web applications. Additionally, my expertise extends to server-side programming using C# and the ASP.NET Core MVC framework, enabling me to build robust and scalable web solutions.

In addition to my backend skills, I have experience working with MS SQL for efficient data management and manipulation. This expertise enables me to develop database-driven web applications that handle data seamlessly.

Furthermore, I have explored the realm of front-end development by mastering React.js and Flutter. These technologies have empowered me to build dynamic and interactive user interfaces, ensuring an immersive user experience.

I am a dedicated professional who thrives in collaborative environments, where I can contribute my skills and work alongside talented individuals to achieve remarkable results. I am always eager to expand my knowledge and stay up-to-date with the latest web development trends and best practices.

If you are seeking a passionate and versatile web developer with expertise in HTML, CSS, JavaScript, jQuery, C#, Bootstrap, ASP.NET Core MVC, ASP.NET Core API, MS SQL, React.js, and Flutter, I would love to connect with you. Let's collaborate and bring your web development projects to life!
